

Election Campaign Urgent Action

How would you feel if you voted and then found Britain supporting a US attack on Iran - or Syria - this summer?

According to informed commentators US plans to attack Iran are well advanced – the US may be ready to attack as soon as June this year.

The Bush Administration is looking at this as a huge war zone, the former high-level intelligence official told me. "Next, we're going to have the Iranian campaign. We've declared war and the bad guys, wherever they are, are the enemy."

Why will the Party Leaders not discuss this issue, is it because whoever wins may be pushed into supporting such an act? Join with Our World Our Say's 60,000 supporters to press the Party Leaders to give unequivocal pledges that they will not involve Britain in such a war and that they will actively discourage the US from such an attack. You can sign a message below that we'll send to all the Party Leaders. Please also send a donation to our Fighting Fund – and help us raise £100,000 for adverts, mailings and posters to make this a key election issue.

Dear Party Leader

We are alarmed about reported US plans to attack Iran and possibly Syria. Will you give an unequivocal pledge that you will not join or support an attack on Iran or Syria and that if elected you will do everything within your power to persuade the US not to attack.

Yours, (please insert full name below)
